Cute little game...very funny...slightly racist, but still very funny. Clash of clans for pc. not really worth it, even at a 50% discount.

you also have to log in several times before the premium license days show up.. I played this game at MAGfest '17, and it was super fun. I'm excited for xbox controller support. It doesn't seem to work with that at all.. Boring empty game with clumsy controls. Nothing like any other in series. Charming Nico is replaced by slow and stupid american blondie with annoying voice. George acts slow and dull too. It's very boring to hear his sleepy "can't open" remarks while thugs are breaking his door. The story is almost nonexistent. Plus it is buggy and you need to save very often as it could breaks any time.. Clever puzzles, fun setting; the writing is understated but thoughtful. Gameplay is something like minesweeper meets match-3, but is explored in tons of different ways over the course of the game. Can get real vexing at times but never too badly. Wonderful example of showing another viewpoint on something that tends to be always stereotyped a certain way.. "Memory: 666 MB RAM"
Nice.

Just gave Infinite Space III a shot last night and wound up playing several hours. Even in its early release status, the game is fun, and the variations thrown by the RNG keep even the (somewhat small) range of encounters varied. I have enjoyed the heck out of it so far, and absolutely cannot wait to see what the devs do next.. Omg story got me crying this is so deep!. What a wonderful game, in every way! Beautiful, challenging and fun to play!

<http://carlkarjalainen.bandcamp.com/album/nimbus-soundtrack>. You know, as a general rule, I think "RPGmaker game", and I think 'okay, this will be a few hours to waste. It might even be good'. But this game? This was actually money well spent. There might be zero replayability, and everything is on a railroad; but it was actually very well done.

Musical and sound effect choices? Amazing. Graphics? For an RPGmaker game, pretty damn good. The story, and its shenanigans and antics, was a delight. The game didn't take itself seriously, in all the right ways.

Pretty much, the only thing I can say that is 'bad' (and that is a relative term) is that most of the boss battles I found pretty easy. Then again, if it was meant to be more of a narrative--makes perfect sense.

I'll definitely be looking forward to what you guys put out next.. This is a Singleplayer game, where there are only very few mods. It is not open world.

And yet: Look at my gameplay time.

Yes.. This never actually installed after I purchased it. I activated it in uplay but I cant find the game anywere. cant find it in the menu of far cry 4 either.. LADYS END GENTS I PRESENT TO YOU THE DC HORSE ARMOR DLC END FOR THOSE WHO WILL PROTECT THIS DLC AS GOOD YOU HAVE NO SPINE END YOU AR THE REASON THE SKYRIM HORSE BALLS PAYD MOD EXSISTED IN THE FIRST PLACE.

IN THIS GREAT DLC MAP PACK YOU RESIVE TWO WONDAFULLY PACKED MAPS THAT AR PART OF THE MAIN STORY END THEY SHULD HAVE BING IN THE MAIN GAME BUT WHO CARES WE ACCEPTED UNPOLISHED COPY PASTED BATMAN GAME TO BE RELISED END WAY NOT TO ACCEPT 2 RIPPED PICCES OF THE GAME END PAY FOR THEM WE STILL DONT HAVE ROBIN STORY ARK IN THIS GAME AS DLC BUT WE GOT THIS TNX WORNER BROTHERS FOR THIS WONDERFULL DLC.
